

SINCE 1908

**DARIO  
PERIOLI  
GROUP**

OUR **UNION**, IS OUR **STRENGTH**

## ABOUT DARIO PERIOLI GROUP

Dario Periole S.p.A was founded in **1908** as a coal transportation company and it is the oldest and most important **maritime service company** in the Port of **La Spezia**.

Overtime, Dario Periole became an international company with a special aptitude for trades to and from **North Africa**; this is thanks to a co-partnership with **Cnan Med Spa** and the ownership of **Sahel Line**, a shipping company dedicated to cargo trafficking to **Tunisia**. Together, these two entities are able to offer a full range of cargo handling services.

In 2018, **Dario Periole Group** opened a multi-purpose terminal in the port of **Marina di Carrara, MDC Terminal**, with the aim to expand its range of services and increase the value of its supply chain. The company covers all steps of the **proposed services** and is able to offer customized solutions to each client, thanks to the experience gained in projects, heavy lifting and ro/ro cargo. The Customs and **Agency offices**, headed by Dario Periole manage more than **200 ships** of different shipowners per year.

## ABOUT CNAN MED

The **partnership** between **Dario Periole** and **CNAN MED** is one of the cornerstones of the Periole Group's strength, **providing operational** benefits to both companies in terms of:

- Priority docking in Algeria, as flag State carrier;
- Priority docking in Italy, thanks to the integrated management in MDC Terminal;
- Flag State carrier preemption on Algerian state and parastatal imports;
- The integration of both, a shipping company and a freight forwarder, for more effective and efficient service management

### LOADING OPERATIONS AND UNLOADING OF GOODS B/BULK

**Navimed** was founded in 2008 and was established to look after the interests of Cnan Med, for which it is the general agent in **France**. It has a physical presence in both the port of **Marseille** and Fos and actually assist vessels for about **100 annual** calls to and from the main Algerian ports. Thanks to this important experience, Navimed Has been the focal point for some other Companies that called Marseille on Spot basis for their **Ro/Ro vessels**.

In 2020, the French company **La Mériidionale** has entrusted Navimed for marketing and commercial activities concerning its new **Ro-Pax** line between Marseille and the **Moroccan port of Tangier**.

## ALL SERVICES

---

## FORWARDING

### MARITIME TRANSPORTATION

**FCL-LCL** shipments, refrigerated, oversized, liquid and hazardous, project cargo, food, rolling stock, cars and vehicles; we are organized and capable of providing all types of sea transport in **import and export** by evaluating for the customer the safest and **most economical** way to make the shipment.

### AIR TRANSPORTATION

We perform pickups and **door-to-door** deliveries, both for urgent and **conventional services**, or perishable goods. We handle temperature-controlled shipments of hazardous and food products. We make use of a network of reliable and recognized **IATA agents** with a widespread presence in international airports.

## STORAGES AND WAREHOUSING

The area under concession at the MDC terminal in the port of **Marina di Carrara** has **2,000** square meters of covered warehouse space and 25,000 square meters of total area and places us in a geographically privileged position compared to the ports of La Spezia and Livorno.

We have the possibility to **store goods** awaiting loading operations and provide for the filling of standard and **oversized containers**. We are also present in the main Italian ports with highly specialized employees capable of handling all the various types of packaging.

### INLAND TRANSPORTATION

We provide fast and **efficient ground transportation**, both nationwide and European in the assurance of safe and **punctual service**, capable of meeting every need. We ensure connections with major logistics centers and collaborative services to ensure support and quality for every **road shipment**.

## NETWORK

Through group companies and a dense commercial network consolidated over the years, we have a strong presence in **France, Spain, Algeria, Morocco, Tunisia and Malta**.

Thanks to industry logistics networks, we are also able to offer **door-to-door shipments**, guaranteeing the presence of correspondents in the square for most destinations in the world.

## INLAND TRANSPORT BROKER SERVICES

---

The **experience** gained over the decades with shipping companies under the group's umbrella has allowed great specialization in the handling of plant, steel, and **rolling cargoes**.

Through well-established relationships with the main operators in the sector, **Dario Perioli Group** is able to offer itself on the market for any type of cargo, from exceptional cargo to pallets, from IMO containers to **CER cargo**. Not just transportation as an **accessory to shipping** by sea, rather as an independent service benefiting customers' logistical needs.

---
